## How It Works:

1. Once you receive your pass, mount the pass to the windshield of your vehicle (see ZOOM instructions).
2. You can enter or exit through any lane.
3. The system will automatically calculate your parking transaction amount and charge your credit card on file. Your points will also be added to your account at this time.
4. Rewards card members collect 1 point per dollar spent on parking.
5. You can access your account 24/7 to view your account activity or redeem free parking. You can also update your information and print receipts.

## Redemption Process:

1. When you are ready to redeem your points for parking, simply log into your account and select the amount of points you wish to redeem toward your future parking transaction.
2. At exit, the redeemed points will be automatically deducted from your parking fees. If there is a balance owed, your credit card will be charged for the remaining balance.
